

## EVO PLUS ADHESIVE

This extraordinary new product is the result of combining the trusted expertise of both Diarex and Superior. EVO PLUS, is built on Superior Gold's world-renowned adhesive technology, ensuring strong, reliable bonds. The EVOPLUS formulation has been created to offer user friendly mixing ratios, while maintaining ALL the same features and benefits of Superior Gold.

This unique product is designed for mitring, seaming, laminating and repairs for both indoor and outdoor applications, delivering unparalleled quality, convenience and efficiency

**Versatile and Easy to Use:** It's never been easier to create the perfect match, EVO PLUS features a user-friendly mix ratio of **3% - 5%**, and is compatible with Superior Colour Pastes. Plus strongly bonds a wide range of materials including outstanding results on porcelain, ceramic, sintered stone, new generation engineered stone, marble, granite, quartzite and more.

**Cost-Effective:** Reduces waste and saves money by eliminating the need for multiple products and reducing adhesive waste.

**Colour + Activate in one step:** An optional new unique system: colour and activate with EVOPLUS Coloured Hardener, available in 20 colours to match almost all stone varieties. **Note: EVOPLUS Adhesive should be used exclusively with EVOPLUS Hardener.**
